

Details of Beneficiaries: Shroff Foundation Trust

Date: 07/03/2016

Place: Vadodara

Sr. No.	Name of the Beneficiary	Review
1	<p align="center"><u>Savitriben</u> <u>GSFC sponsored toilet construction under SBM</u></p>	<p>Savitriben got toilet facility just before one month at her house. Before that her family used to go in open fields or they used toilet facility at work place. Now she is happy that she got toilet at her home and children are the frequent users of toilets. Important thing was about the water storage facility was besides toilet which ensures smooth utility, easy cleaning and less water usage. According to her she is getting enough water through tap water system so she is utilizing the storage tank for toilet. While inspecting the toilet it was newly constructed, cleaned and water storage was beside toilet full with water. A bucket was given to draw water from storage to use for toilet.</p>
2	<p align="center"><u>Discussion with Nursing Batch at VIVEC</u></p>	<p>At VIVEC, Nursing batch was about 20-25 candidates mostly girls. They were coming from different tribal district like Chhota Udepur, Narmada, Dahod, Tapi, Panchmahal, Dahod etc... Most of them were 10th pass and came to VIVEC through their friends' references and SFT campaign. They were expecting to job in hospitals of nearby districts. The class was comprise of both theory and practical lab and last month of training will be in industrial set up. They were able to identify different equipment's in lab and used to practise with dummy. They were getting accommodation, library, dining facility at VIVEC centre.</p>
3	<p align="center"><u>Discussion with CNC Machine Batch at VIVEC</u></p>	<p>CNC Machine batch, At VIVEC, Nursing batch was about 10-15 candidates all were boys.
