Project Inception Report

On

**Early Detection & Early Intervention Centre for Hearing Impaired
Children in Vadodara**

Sponsored by

Gujarat State Fertilizers & Chemical Ltd.

Organised by

Akshar Centre for Hearing Impaired Children, Vadodara

- ❑ The Akshar trust is working for hearing impaired children for 28 years at Vadodara.
- ❑ The proposal is for “Setting up Early Detection & Early Intervention Centre for Hearing Impaired Children” in Vadodara
- ❑ It is a specially designed programme that aims to make the child acquire language and speech skills so that she/he is a part of the community and can get access to education.
- ❑ Around 35-40 children of age group of 1-6 months from the nearby area of Vadodara urban and rural.
- ❑ This will promotes social, intellectual, and oral skills by allowing the child to interact with their peers and environment.
- ❑ Till now the centre is in the phase of completion of infrastructural facilities for childrens.
- ❑ Admission of 5 childrens is confirmed.
- ❑ Cost of the Project : Rs.5,36,000 /-
