

GUJARAT CSR AUTHORITY

An Initiative by Government of Gujarat

**Project Inception Report
On
Training Programme for Skill Development**

Sponsored by

**Gujarat State Fertilisers & Chemical Ltd.-Vadodara
Organised by**

**Atul Institute Of Vocational Excellence
{AIVE}
Dharampur**

• About Project Partner AIVE-Valsad:

Atul Institute of Vocational Excellence (AIVE) has been promoted under Atul Rural Development Fund (ARDF), the CSR arm of Atul Ltd., in PPP mode with Tribal Development Department of Government of Gujarat.

With the aim to upgrade the employable skills of the youth and to bring them into the economic mainstream, AIVE is established at Dharampur in Valsad district with state-of-the-art workshops, laboratories and other infrastructural facilities

- **Role of GCSRA:**

Gujarat CSR Authority has also putting greater emphasis on Skill Development of youth. To fulfill this purpose, CSR authority has collected different short term courses from credible Training Providers throughout Gujarat. As, Gujarat State Investment Limited has decided to spent their CSR Fund in Skill Training, GCSRA has implemented Training Program through CIPET- Ahmedabad.

- **Objective of the Project:**

Vocational Education prepares people for a specific trade. Vocational training institutions became resources to local economies by orientating training around local enterprise needs or developing relevant technologies collaboratively with local manufacturers, the young learners engaged in vocational programs were able to develop better connections with employers, and locally relevant skills which were more likely to lead to employment. The courses offered are of about 1 to 6 months duration and offer training across several skills.

Skill development is necessary to provide deliverable skill & technical input in the field of Plastics Product Manufacturing/Modern Processing techniques for the young unemployed people of Gujarat. This would result in a fleet of skilled workforce committed to provide qualitative manpower to the Manufacturing industries in line with the country's vision and help the underprivileged candidates to become technically competent for gainful employment and social harmony in the state of Gujarat.
